

**American Association of Professional Apiculturists
Postdoctoral Researcher Travel Award to the American
Beekeeping Research Conference in Reno, NV
January 11-12, 2018**

SUBMISSION GUIDELINES

Deadline for submission is midnight (U.S. Pacific Time), November 1, 2017

The goal of this award is to promote participation of postdoctoral researchers in the American Beekeeping Research Conference and American Association of Professional Apiculturists meetings. Postdoctoral researchers have very limited opportunities to apply for travel support at this most crucial time in their career, and this will allow them an opportunity to network with their peers contributing to their professional development.

AAPA will award **UP TO** \$1000 to support travel for one Postdoctoral Researcher to ABRC 2018 in Reno, NV. A single award will be given. Funds will cover the registration for ABRC (which also allows attendance at the American Beekeeping Federation), travel and lodging costs and reasonable per-diem expenses. AAPA will process complimentary registration upon announcement of the winner, but all other expenses will be reimbursed by AAPA upon completion of the Conference. The winner is expected to give an oral presentation of his submitted work and is mandated to attend the AAPA business meeting usually held on the second day of the conference.

Eligibility:

- You must be a paid AAPA member at the time of the submission and at the time of the Conference.
- You must be a postdoc at an accredited University or in a government laboratory within the US.

Awards will be evaluated on:

- The scope and importance of the applicant's research to be presented at the Conference.
- How the applicant's attendance and participation at the Conference will benefit their professional development and the apiculture science.
- The applicant's full *Curriculum Vitae* and 2 letters of recommendation, one being from their current advisor.

Please submit a completed packet to Elina L. Niño at elnino@ucdavis.edu by the deadline. Incomplete packets will not be considered.
